EXPERIENCE

Medical Scribe ScribeAmerica Jan 2018 – Jun 2019

- Worked closely alongside doctors and other healthcare professionals to increase the efficiency of patient care by enabling providers to focus on other tasks.
- Documented all pertinent patient-provider interactions to ensure the necessary and relevant information is recorded in compliance with the latest standards for coding and billing.
- Optimized patient safety and provider decision making by facilitating access to pertinent information in a timely and productive manner while reducing errors and omissions.

Paramedic Ridge Fire District Oct 2013 – May 2015

- Provided patient-centered emergency care and transport to sick and injured patients through comprehensive assessment and appropriate BLS and ALS interventions.
- Advanced as a core team member while overseeing new students and volunteer EMTs to provide guidance in developing a strong, detailed, and organized assessments.
- Effectively integrated EMS with other emergency agencies to ensure well executed and efficient management and response.

EMT & Paramedic Instructor Stony Brook University EMT & Paramedic Program Sep 2011 – May 2015

- Educated upwards of 70 EMT and Paramedic students per semester in hands-on clinical skills, focusing on a coordinated approach, situational awareness, and critical thinking.
- Facilitated additional study sessions as needed to guarantee competency and encouraged students to strive for mastery via constructive feedback and open communication.
- Conducted state and national registry practical skills examinations in accordance with testing protocols to confirm students met minimum required proficiency standards.

Supervisor Stony Brook University Residential Safety Program

Sep 2010 – May 2012

- Dispatched over 50 employees and effectively managed placement and assignments while continuously reevaluating and making necessary adjustments.
- Evaluated workers on performance and provided constructive feedback to promote learning and improvement, emphasizing setbacks and suggesting corrective measures.
- Coordinated closely with other campus emergency services to manage on-scene response, optimize resource allocation, and maximize assistance potential within the proper scope.

VOLUNTEER

Founder & Co-President Physicians for Human Rights Students Israel

Sep 2020 – May 2022

- Began and led a new, first of its kind initiative to collaborate with the Tel Aviv University NY State/American Program and Technion American Medical School. Provides opportunities for expanded student & faculty networking, and socialization between peers.
- Engaged in volunteer work, research, and advocacy to support human rights and health equity in the region and internationally. Support advocacy initiatives work closely on local campaigns to increase awareness of inequality and human rights issues in the region.

Vice President, Class Representative, & Student Ambassador Ben-Gurion University

Jul 2019 – May 2023

- Served as a liaison between my classmates and the school administration to improve communication, foster a positive relationship, and ensure that all issues were raised and addressed.
- Began a successful program for current students to assist incoming students transitioning to medical school and Israel. Outreach includes WhatsApp groups across classes, Zoom calls, and mini lectures on key issues. Program has been well received and is being continued by and for future students.
- Collaborated closely with council members, students, and administration by implementing ideas, improving existing programs, and developing new opportunities for students, including a new collaboration with students at the other American medical schools in Israel to support one another.

Deputy Chief of Operations Stony Brook Campus Emergency Response Team

Sep 2011 – May 2015

- Two-time recipient of President's Volunteer Service Award: Gold
- Lead incident command during emergencies for SB C-CERT, working alongside emergency personnel from campus fire, police, EMS, and on-campus departments.
- Collaborated with, planned, and conducted drills with other emergency services, ensuring readiness and preparedness of all members for both planned and unplanned incidents.
- Securely maintained membership information and records, thoroughly documenting paperwork for coordination with various student services and university officials.
